This is a short notice just to let you know that, thanks to your support, SaveTheMusic Jewish radio programs are close to fruition:

We are moving full speed ahead on the production of our upcoming radio programs. We are beginning to receive royalty waivers from all the performers who want to have their music included in our upcoming Jewish music programs.

For our listeners, the programs will be available all over the world, will provide hours of entertainment and will allow you to listen to some of the many treasures among the 8,000+ records we now hold.

We hope to build up these programs until they become the media of choice for all those interested in Jewish music and events.

If you have any records you are not using, do not forget to send them to us as soon as possible to:
